

# THE ADVOCATE.

HARRIS & MASON, Proprietors.

STERLING, TUESDAY, DEC. 22, 1891.

FOR PRESIDENT.  
GROVER CLEVELAND,  
Of New York.

FOR VICE - PRESIDENT,  
JOHN G. CARLISLE,  
Of Kentucky.

The Virginia Legislature re-elected Governor Daniel without opposition.

The imports of gold at New York since January 1 amount to \$30,143,700 and of silver, \$2,592,503.

The United States cruiser Baltimore arrived at Callao, Peru, Wednesday, en route to San Francisco. All on board are well.

The English steamer Prince Soltyski went down off the coast of Brest Tuesday, and but one of a crew of twenty was saved.

The volcano of Colima, in Mexico, again in eruption, accompanied by earthquake shocks, and great damage has resulted.

Senator Sherman introduced a bill to encourage the display of American goods by authorizing the Quartermaster-General to sell them at cost.

Nearly all the large brokerage firms in New York predict higher prices for bonds and stocks. This, however, is based on the prediction that will come.

According to the New York World, Wall street lost fully \$2,000,000 by the gold failure. Nobody seems to be able to tell what has become of the securities, etc.

The State Department announces the completion of the convention with the British West Indies and British Guiana for reciprocal trade. The treaty goes into effect January 1st.

Edward M. Field was admitted to the sum of \$25,000 Wednesday, and at once placed in custody on charge, this time for misappropriating securities intrusted to him.

State Auditor Norman has presented his annual report of the Kentucky State. In his estimate for the past two years he figures out a total of \$1,430.81 at the close of business, June 30, 1892.

It is reported that Yaguaron, in Brazil, has started afresh the rebellion. The cause for the new outbreak is alleged to be the refusal to accept the orders of President Pexeto. The National Guard has been ordered to suppress the revolt.

Speaker Crisp on Wednesday announced as the Committee on Rules, Messrs. McMillin, Catchings, Reed, Burrows and Crisp. The other committee he expects to be able to announce by Dec. 23, when Congress will adjourn for the holidays.

Surely now the country can breathe. The base ball war is over. A conference at Indianapolis has agreed to consolidate the two organizations into one of twelve clubs. The cities which will be represented in the consolidation are: New York, Boston, Baltimore, Brooklyn, Philadelphia and Washington, in the East; and Pittsburg, Cleveland, Cincinnati, Louisville, Chicago and St. Louis, in the West.

Pittsburg claims to have received the first car load of tin ever mined in North America, on Tuesday last. It came from Durango, Mexico, and is the property of the Pittsburg and Mexican Tin Mine Company. There are altogether twenty tons of the metal, which is now on exhibition in Pittsburg at the office of the company. The ore of the company at its mines is yielding fourteen per cent., which is remarkable, as the highest at mines in Wales is two and one-half per cent.

The President Wednesday nominated to be United States Circuit Judges: W. L. Putnam, of Maine; Daniel Shipman, of Connecticut; J. M. Dallas, of Pennsylvania; J. A. Goff, Jr., of West Virginia; A. Tait, of Ohio, and W. A. Woods, of Indiana. Putnam and Dallas are Democrats. Woods will be remembered because he made himself famous for his course in shedding the name of Flye Dudley for his share in election frauds of 1888. Woods was given his reward for his infamy.

## HORSE AND TRAC

Doble expects Axtell to trot next year.

Both Nashville and Columbus will have \$100,000 meetings in

Jack, 2:12, should be a go-paigner for several years, being eight years old.

Don't hold a fairly good horse for a fancy price. Get your money soon as you can, and turn it quickly.

At the late sale of trotting to John R. Gentry, of Sedalia, twenty-two head brought \$153,333, an average of \$697.72.

Nancy Banks, 2:09, weighed pounds in trotting condition. Smith Maid weighed but 830 pounds when in training.

The fastest two consecutive ever trotted belong to Palo Alto, being under 2:11; the fastest consecutive heats ever paced belong to Direct, being 2:07 and 2:06.

W. B. Bash, Fort Wayne, Ind., sold to George B. Ketchum, Toledo, Ohio, for \$5,000, the four-year-old pacing filly Strathmo, 2:13, by Strathmo, dam Hope So, by Blue Bull.

Cricket, 2:10, and Direct, 2:06, California horses that made records over the Independence track will be mated next season. The produce ought to go some.

Marvin purchased a number of colts in California for Miller & Sibley, Franklin, Pa., before coming East. The most of the youngsters are Electric, brother to Airon.

Messrs. H. L. and F. D. Stout, Dubuque, Ia., have purchased at a low price the brown stallion Connoisseur by Electioneer, dam by Dictator, from Miller & Sibley, Franklin, Pa.

Pilot Medium, at twelve years of age, is the sire of twenty-nine winners, records ranging from 2:12 to 2:30 among them two two-year-olds and five three-year-olds. What sire of the same age can equal it?

Miller & Sibley, Prospect Hill Farm, Franklin, Pa., have sold to Charles Thompson, St. Paul, Minn., the two-year-old filly Astella, by St. Bel, dam Della Sharpe, for \$3,000. During the past week they have sold ten for \$85,000.

Against the list of twelve trotters sired by Electioneer and his sons that entered the list as two-year-olds, the Geo. Wilkes family puts up a string of fourteen trotters and six pacers that can be classed in the same category, thus clearly showing a good lead.

The four-year-old pacing stallion record, 2:12, is held by Strong Boy, son of Allandorf. The four-year-old trotting stallion record, 2:12, stands to the credit of McKinney, by Aleyone. It is a curious, if not significant fact that both Allandorf and Aleyone were from Alma Mater, whose sire was Mambrino Patchen.

John E. Green, the well known breeder of Louisville, Ky., has always been a firm believer in the speed-producing powers of the daughters of Nutwood. He has five Nutwood mares at the San Mateo Farm, California, in foal to Guy Wilkes, 2:15. These youngsters will certainly be born in the purple.

Maud S., 2:08 1/2, is safe in foal to Ansel, "the running-bred, cow-gifted trotter," son of Electioneer and a running mare. We have not fully made up our minds as to what sort of an offer to make, but we think seriously of promising to deed Robert Baner the State of Nebraska the day the produce of the union beats the record of Maud S.—[Western Resources]

H. S. Henry, proprietor of the Sun Valley Stud, Morrisville, Pa., has just purchased from H. L. & F. Stout, Dubuque, Ia., at \$5,000 each, two excellently bred fillies, as follows: The yearling filly Glendora, by Nutwood, dam Georgiana, 2:26 1/2, by Grge Wilkes; second dam Kitty Paten by Mambrino Patchen; third dam Betty Brown by Mambrino Patchen; also the yearling bay filly Miss So, by Nutwood, dam So So, by Grge Wilkes; second dam Little Id by Edwin Forrest; third dam Idalay by Red Jacket.

Taken Up as Stray.

On December 12, 1891, one black spotted sow with crop off left ear and will weigh about 200 pounds; one black spotted gilt, will weigh but 135 pounds; one red barrow with both ears off. The owner canive same by proving property and paying charges. Mike Ry.

Dec. 15, 1891.

## The Great Closing out Sale

at

## CARPENTER'S

continues to lead them all. They have many imitators, but none who will name prices such as are marked there for first-class goods.

the silk and Dress Goods.

cloaks, Wraps and Furs.
